The Healthy Teeth in Schools

Dear Parent / Carers

The healthy teeth dental team will be visiting Ben Jonson Primary School to check and apply fluoride varnish to the children's teeth in Reception and year 1. Healthy Teeth in Schools is run by the Tower Hamlets Primary Care Trust

- It is important that every child sees a dentist regularly to make sure their teeth are healthy.
- Fluoride varnish should be applied to children's teeth twice a year to prevent decay.
- Taking part in our programme is free and a simple way of making sure your child's mouth is healthy.

Reception and Year One children will have their first coating on **Wednesday 21 March 2018 at 9am**. Please complete the attached consent form and return back to the school office team as soon as possible.

Yours sincerely

Monica Forty
Headteacher
