

Google classroom

I am learning at home which is different from being in school.
My learning is now on Google Classroom!

Some things at school have been different because of coronavirus but this is ok. I am used to things changing.

every day

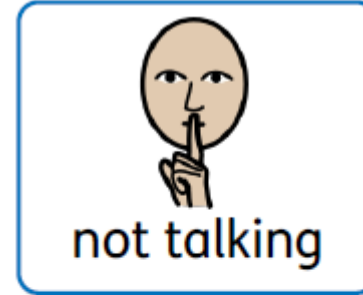

The timetable for the year group Google Meet is:

Year Group	Daily check-in time
Reception	09:00
Year 1	10:00
Year 2	11:00
Year 3	12:00
Year 4	13:00
Year 5	14:00
Year 6	15:00

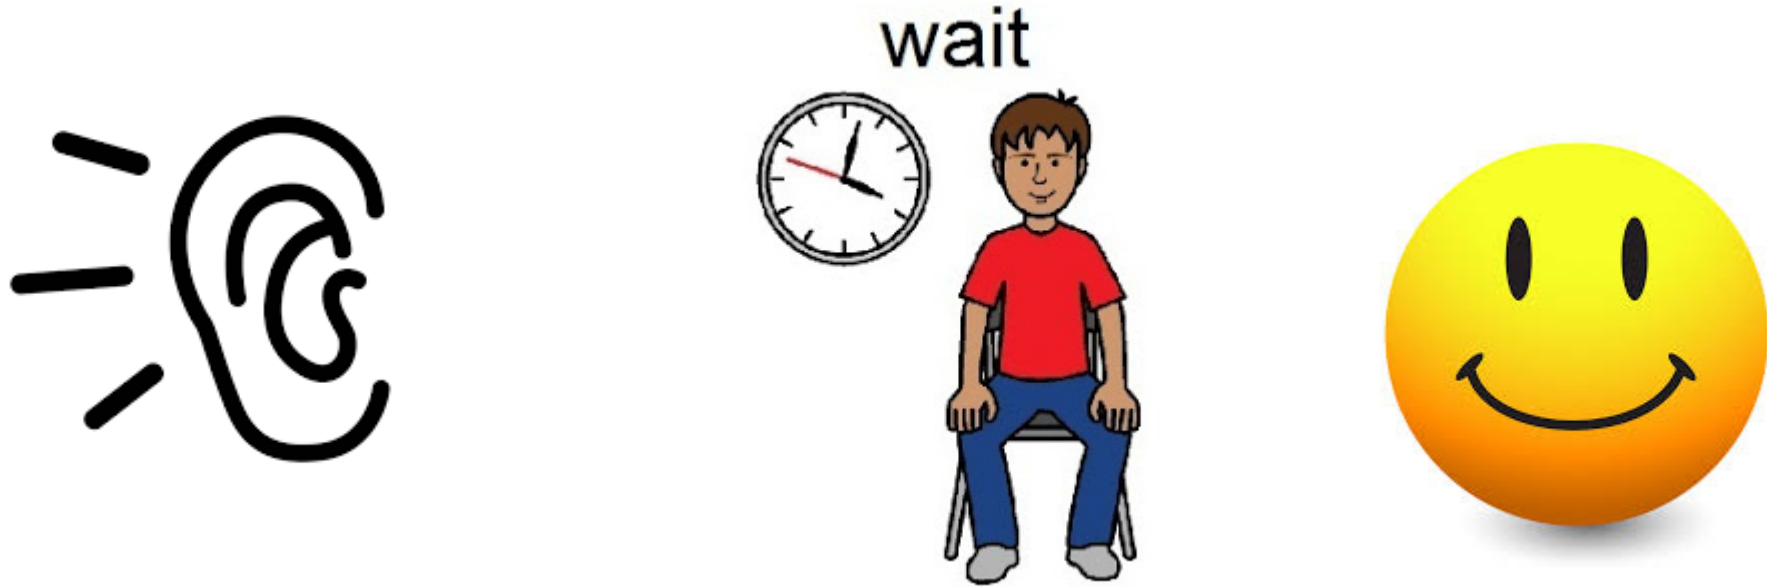

I have to log in to Google Classroom for my Class Meet every day!
My teacher will do the register every day and check I am there.

This is the same as doing the register at school.

My Meet is at ____ every day!

It is important to remember and follow the rules of school when I am on Google Classroom.

When I am on Google Classroom, my teacher expects me to wait my turn to speak and listen to the learning. Everyone will be **proud of me** if I wait my turn!

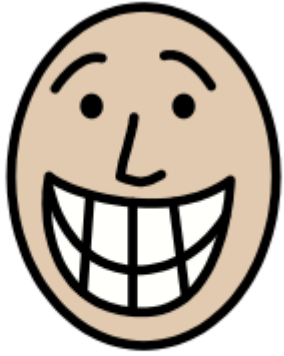

If my teacher can't answer my question straight away, this is ok. I can put my hand up and wait my turn to speak. My teacher might not always have time to answer my questions. This is ok!

If I interrupt the learning lots of times, my teacher will have to put me on 'mute.' This is not ok.

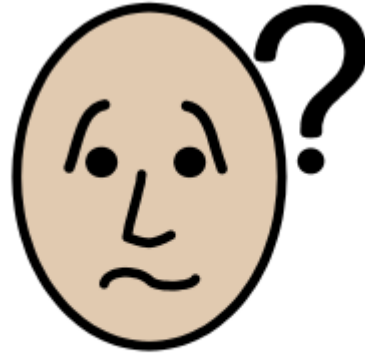

If I am finding the learning tricky, I can tell my parents or send a message to my teacher on my stream.

exciting

sad

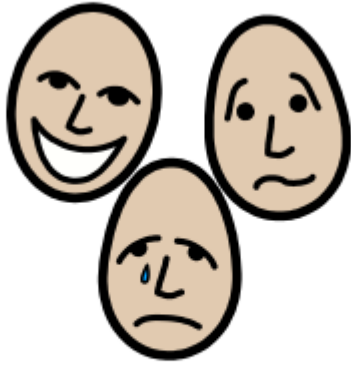

confusing

happy

Learning is different at the moment. This can feel exciting, confusing or both at the same time! It is ok it feels strange.

Today I am feeling

How are you feeling?

I might feel different each day. This is also ok. It is important I talk about how I feel to my family and my teacher. Talking helps to feel better.
